

# SMALL INVESTMENT **BIG IMPACT**

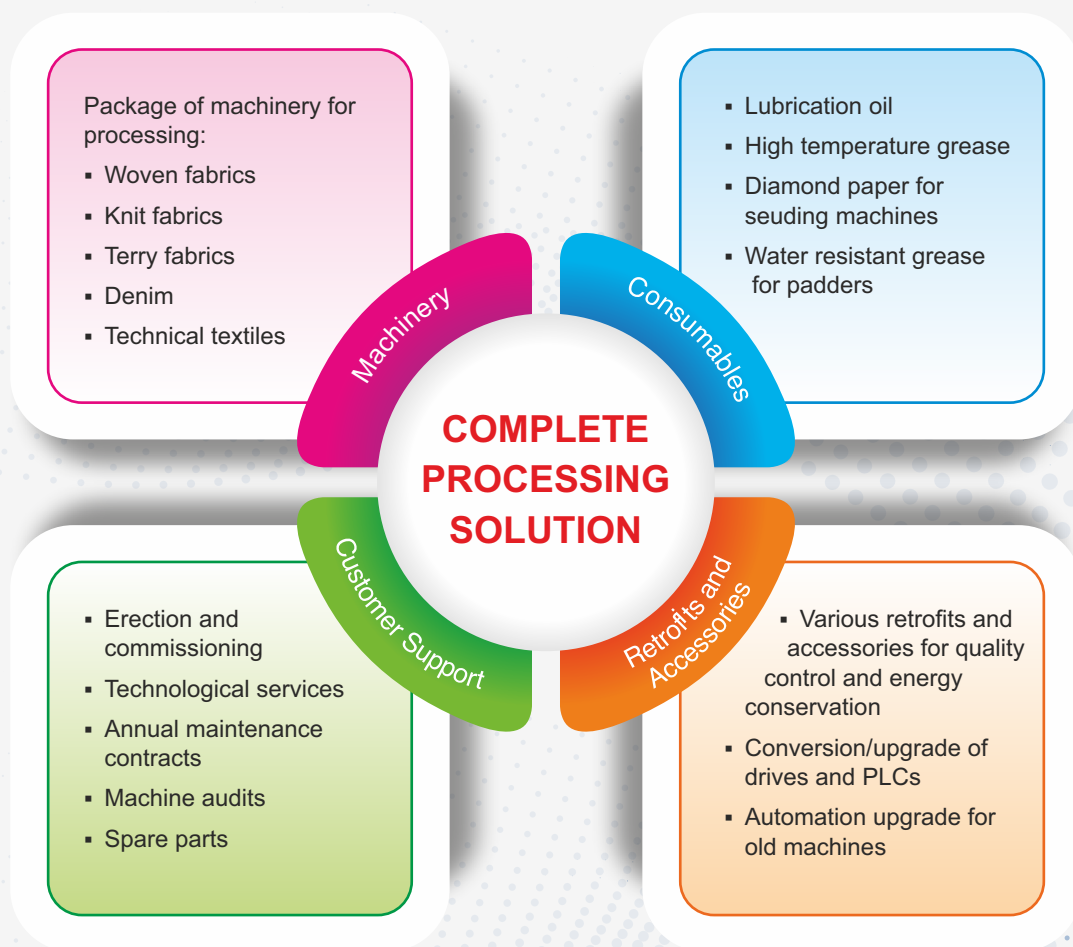

for  
**Textile Processing Machinery**

A.T.E. offers a wide range of accessories, retrofits, and consumables for textile processing machinery. These high quality products would ensure optimum performance of textile processing machines. These accessories and retrofits can be integrated into almost any suitable production line.

Machine/Process	Accessories, retrofits, and consumables	Principals
 <p>Singeing &amp; desizing range</p>	Electrical center driven winder at singeing range outlet	KCM Technologies, India
	Inlet and outlet combinations with desize tank/washbox	
	Hydraulic batch rotating station	
	J scray at inlet and outlet	Corino, Italy
	Brushing and beating unit	
	Online hairiness tester	Osthoff, Germany
	Chemical dosing system for desizing and cold bleaching	
	Burners only for Osthoff brand	CEIA, Italy
 <p>Scouring &amp; bleaching range</p>	Metal detector	
	PLC, drive upgrades and customised automation	A.T.E., India
	Electrical center winder at the outlet of bleaching range	KCM Technologies, India
	J scray of the range	
	Additional wash compartments	
	Vertical drying range (VDR)	Mahlo, Germany
	Automatic steam regulation system (ATMOSET) for VDR	
	Moisture measurement and control system for VDR	A.T.E. (AxisValence), India
 <p>Mercerisation range</p>	Surface viewing system for inspection at outlet	
	Static eliminating bars	A.T.E., India
	Chemical dosing system for scouring, bleaching and neutralisation	
	PLC, drive upgrades and customised automation	A.T.E., India
	Rotary drum filters	
	Electrical centre winder at the outlet of merceriser	KCM Technologies, India
	J scray at inlet and outlet	
	Additional wash compartments	
 <p>Dyeing</p>	Vertical drying range (VDR)	Mahlo, Germany
	Automatic steam regulation system (ATMOSET) for VDR	
	Moisture measurement and control system for VDR	A.T.E., India
	Rotary drum filters	
	PLC, drive upgrades and customised automation	A.T.E., India
	Dosing system for neutralisation	
	Electrical center winder at the outlet of CPB, pad dry and pad steam range	KCM Technologies, India
	J scray at inlet and outlet	
	Hydraulic batch rotating station for CPB	
	Swimming roll padders for chemical application	Mahlo, Germany
	Vertical Drying Range (VDR)	
	CPB dyeing machine	Monforts, Germany
	Dwell time controller, residual moisture controller, and exhaust air controller for pad dry range	
	Automatic steam regulation system (ATMOSET) for VDR	ColorService, Italy
	Moisture measurement and control system for VDR	
	Chamber extension for pad dry range	A.T.E. (AxisValence), India
	IR dryers	
	Semi and fully automatic dyestuff storage and weighing system	A.T.E., India
	Dyestuff dissolution and dispensing system	
	Chemical storage and dispensing system	A.T.E. (AxisValence), India
	Surface viewing and inspection system at pad dry/pad steam range outlet	
	PLC based dosing system for soaping and neutralisation	A.T.E., India
	PLC, drive upgrades and customised automation	

Machine/Process	Accessories, retrofits, and consumables	Principals
 <p>Printing</p>	Automatic print paste dispensing system	ColorService, Italy
	Debatching arm	KCM Technologies, India
	Inlet and outlet with J scray	Corino, Italy
	Brushing and cleaning unit	Corino, Italy
	Infeed for digital printing	
	Weft straightener	Mahlo, Germany
	Print inspection system	A.T.E. (AxisValence), India
	PLC, drive upgrades and customised automation including DC to AC conversation	A.T.E., India
 <p>Finishing</p>	Additional drying chambers and additional printing heads	Zimmer, Austria
	Spun oil washing compartment (to wash off spun oil in-line with stenter)	Goller, China
	Eco-Applicator for stenter	Monforts, Germany
	Compactomat in shrinker for automatic shrinkage control	
	Addition of chambers for existing Monforts/Monfongs stenter	Monforts, Germany/ Monfongs, China
	Dwell time controller, residual moisture controller, exhaust air controller for stenter	
	GSM measurement system (non-contact type)	Mahlo, Germany
	Online GSM measuring and weft straightener – Famacount	
	Automatic width measurement system – WILOMAT	
	Quality management system – QMS	
	Diamond emery paper for sueding machine	Matchpoint, Germany
	Bar type metal detector for calender	CEIA, Italy
	Centre winder for shrinker and stenter	
	J scray at inlet and outlet of stenter, shrinker, calender	KCM Technologies, India
	Cooling cans for stenter and shrinker	
	Finishing padder with swimming roll for stenter	
 <p>General application</p>	Surface viewing/inspection system at the outlet of stenter/shrinker	A.T.E. (AxisValence), India
	Static eliminating bars at stenter outlet	
	PLC, drive upgrades and customised automation	A.T.E., India
	Lab dyeing, finishing and testing equipment	MAG Solvics, India
	Soft package winders and cone winders	SSM, Switzerland
	Screen filter for effluent treatment plants	
	Speciality lubricants for all machines	A.T.E., India
	High temperature grease for stenter, pad dry and curing ranges	
	Anti-corrosion paints	
	Comfort cooling for garmenting section	A.T.E. (HMX), India
	Concentrated solar thermal dish for hot water generation (cooking)	
	Automated storage management systems	Craftsman Automation, India
